Chairman's Message

It gives me great pleasure in welcoming you all on behalf of **Eduscope Professional Social & Research University**. Our teams of consultants are among the best in the country and of international repute in fields.

Our trust has evolved a unique educational program blending futuristic need. Our state-of-the-art infrastructure the students will be acclimatized to a proficient work culture and emerge as an efficient professional, the industry desires to have always.

The purpose of higher educational must be to rationalize attitude as well as to import knowledge and skills. Our trust has inherited these principles in our students a unique opportunity to develop professionalism knowledge and skills.

Dear Parents and Students, We have taken a completely new turn for blooming up the education system by striving for excellence in every possible field and achieving it in a spectacular way. A committed and supportive school and through collaborative efforts we can achieve more to benefit our students who are the future leaders of tomorrow.

EPSRU will tend to every extent to achieve holistic development for our student, where we guide students to develop capabilities, acquire knowledge, virtues and provide service. We are on a path of building an ideal structure for education, liberal ideas and advancement in science and technology which would prove best for our future generations.

We believe that every student in nature is with varying needs. Our aim is to work unanimously to unleash the inherent intellectual, social and emotional capacities of all students who pass through the gate of EPSRU, as we strongly believe in "Vision with a Dream" concept which is aptly said.

"Vision without action is just a dream action without vision Just passes the time but vision and action can change the world" - Joel A. Baker

"Vision without action is a dream. Action without vision is a waste of time. But Action with vision is about making a positive difference". The EPSRU has ambition in providing leadership in quality education and making all students messengers for development and prosperity. The vision involved the development of an institute which would turn students into individual embodying our motto "**Knowledge, Skill, and Character**".

Most importantly, our efforts have proved that the youth are capable of steering this nation on the path of progress by using the power of knowledge.

Finally, we have been able to create a congenial environment in which students as well as scholars can easily nurture their inherent potentialities. I am certain with **our dedication and commitment, this will be achieved.**
